

PLAN OF STUDY

Masters of Engineering Cyber Security

***CS 5200 Architecture, CS 5500 Operating Systems and CS 5720 Algorithms are offered every other semester. Please plan accordingly.*

Name: _____

Date: _____

Thesis Option: _____ Course Only Option: _____ AMP Student: _____

Undergraduate Courses Required to Satisfy Deficiencies

Course Number	Course Title	Grade	Semester /Year

Required Courses

Course Number	Course Title	Grade	Semester /Year
CS-5200	Computer Architecture		
CS-5220	Computer Communications		
CS-5500	Operating Systems		
CS-5910	Fundamentals of Computer /Network Security		
CS-5920	Applied Cryptography		

Additional Approved Electives (to total 30 credits)

Course Number	Course Title	Grade	Semester /Year

Advisor: _____

Date: _____

Program Director: _____
